SUMMARY

SAEDI Consulting Barbados Inc. is an impact consulting firm creating socio-environmental solutions to build a more sustainable, inclusive world with a focus on issues related to gender and the environment.

Engaging in Corporate Social Responsibility (CSR) initiatives benefit the organization, our stakeholders, and our partners by increasing sustainability, expanding diverse network reach, and reinforcing our public image as an organisation committed to sustainable development. External benefits include providing opportunities for local grassroots initiatives in the English-speaking Caribbean region, and promotion of social and environmental responsibility.

This proposed corporate giving initiative allows SAEDI to invest in social good and support. This mini project involves:

- Awarding grant(s) to an impact-focused organisation (or organisations) whose mission aligns with SAEDI's values, e.g. eradicating Gender Based Violence (GBV); empowering vulnerable groups; contributing to the resilience of rural communities; climate resilience; and more.
- Collaborating with organisations for program implementation, or
- Offering financial support to relevant knowledge production events.

SAEDI Consulting (Barbados) Inc. has named its corporate social responsibility award after *Cynthia González Norzagaray*, a former Executive Assistant at the company who passed away in March 2023.

Cynthia was a passionate individual who devoted herself to teaching, sustainable development, and agriculture. The award is dedicated to her memory and will focus on promoting gender equality, addressing socio-economic impacts, and advocating for climate change, all to improve the lives of vulnerable groups such as women, children, marginalized communities, and at-risk youth.

APPLICATION DETAILS

Category

1. Gender and Climate Lobby and Advocacy

This would see a targeted focus on gender, socio-economic impacts, and climate change lobbying and advocacy to improve the lives of women, children, marginalized groups, at-risk youth, and or any other vulnerable group. The individual and/or organization's action must be feminist-informed and have at its core key gender mainstreaming whilst highlighting key linkages between gender and climate change.

This award will be dedicated to the memory of our former Executive Assistant, Cynthia González Norzagaray from Mexico. She was a dedicated teacher to her students at school in her state and supported many of the SAEDI Consulting events, including our webinar series. She led our team activity in our weekly meetings and was an avid learner and enthusiast about agriculture and sustainable development.

Other criteria include:

- Must have positive outcomes or lessons learnt from lobby and advocacy
- Should process or display a clear vision or understanding of possible outcomes outlined within the vision

Eligibility Requirements

To be eligible to receive grants under the SAEDI Consulting (Barbados) Inc. Environment Day Corporate Giving Project, the applying organization must meet the following requirements:

- Registered NGO or charity
- Proven track record in the selected category (at least one year)
- Resident in a Developing Country or the Global South. This means from regions such as the Caribbean, South and Central America, Africa and North Africa, Asia and the Pacific.
- Ability to communicate in English, Spanish, French, Arabic or Portuguese. Regrettably, our team cannot review applications or communicate in other languages at this time.
